Sesame
Beginnings™
Watch Together.
Laugh Together.
Learn Together.

View the DVD With Your Child and M

Children learn best through interactions with their loved ones. Share this DVD with your child and see how the baby Muppets and their caregivers explore their world using their senses. These experiences may seem very simple, but they build close bonds between caregiver and child. As they explore together, through seeing, touching, tasting, hearing and smelling, the caregivers nurture their children's curiosity and excitement about making new discoveries. Throughout the day, encourage your child's learning by exploring interesting smells, searching for hidden objects, trying new foods, identifying sounds and describing how different textures feel.

Make the Most of Everyday Moments
